

Chair report

The chair describes the work completed during the year.

The left report column begins its annual discussion
The annual discussion continues with operating context
The first report sections close before their transitions

Annual discussion continued

The second left section describes current priorities
Each priority remains within the left report column
Both second sections conclude before the final pair

The final left section records the annual outcome
The annual outcome remains complete in its column
The report columns finish without creating table records

The right report column begins its policy discussion
The policy discussion continues with funding context
The first policy sections close before their transitions

The second right section describes current risks
Each risk remains within the right report column
Both policy sections conclude before the final pair

Policy discussion continued

The final right section records the policy outcome
The policy outcome remains complete in its column
The policy columns finish without creating table records
